

AGRI ENERGIZERS

Electric Fence Energizer Range

Strainrite
FENCING SYSTEMS

A NEW GENERATION FOR ELECTRIC FENCING

Strainrite is proud to present our new Agri range of energizers powered by Nemtek, a world-leading developer and manufacturer of energizer technology.

Respected globally with over 25 years of experience in designing and delivering innovative electric fencing product technologies, Nemtek incorporates the Strainrite philosophy of providing quality, tested, and proven equipment to the market.

Strainrite's Agri energizers aim to provide you with the best solutions to meet and exceed your requirements. With features such as Adaptive Power Technology and eco-minded solutions such as the LiFe battery.

CHOOSE QUALITY. CHOOSE STRAINRITE.

ADAPTIVE POWER TECHNOLOGY

Strainrite's Agri Energizers use of patented Adaptive Power Technology (APT) on selected models ensures maximum power is delivered to the fence while minimising power losses along the fence line. With APT the energizer detects and responds to changing environmental factors, such as weather conditions (wet/dry) and vegetation growth on the fence, and adapts to the changing needs of the fence by maximising fence power and efficiency underneath the point of arcing.

A safety benefit of APT is the reduced risk to stock being severely harmed by the energizer. APT detects the fault/stock on the line. It will reduce the charge to maintain the fence. APT will continue to test the fence line until the stock is cleared and then return to normal operating levels.

Graph depicting the fault / Arc level in **YELLOW** introduced.

APT in **GREEN** recognising the fault and maintaining the power under the arc level to the fence.

Common energizers in **RED** ramping up power to overcome fault and potentially going to dead short.

AGRI ENERGIZERS

Electric Fence Energizer Range

PET ENERGIZER

Features:

The Pet energizer is designed to keep pets out of specific areas such as flowerbeds, vegetable gardens and refuse areas. Also a great option for a backing gate.

- Powers up to 3km of fence
- Mains power adaptor (Included)
- Mounting options (wall, fence wire or wood post)
- Robust weather-resistant system
- Lightning protection
- 100Ah battery or greater recommended

UP TO
3km

KILOMETRES	3km
HECTARES	2ha
ACRES	5ac

OUTPUT ENERGY	0.3J
STORED ENERGY	0.5J
MAX VOLTAGE	7.5kV

Product	Part No.
Agri Pet 3	FEN00403

AGRI 5

Features:

- Powers up to 5km of fence
- Mains power adaptor (Included)
- Adaptive Power Technology Enabled
- Lightning protection
- Robust weather-resistant system
- Battery charge state indicator
- Energizer overload indicator
- Day/night sensor
- Mounting options (wall, fence wire or wood post)
- 100Ah battery or greater recommended
- Optional LCD Remote Programmer

UP TO
5km

KILOMETRES	5km
HECTARES	2.8ha
ACRES	7ac

OUTPUT ENERGY	0.5J
STORED ENERGY	0.8J
MAX VOLTAGE	8.5kV

Product	Part No.
Agri 5	FEN00405

Optional

AGRI 10

Features:

- Powers up to 10km of fence
- Mains power adaptor (Included)
- Adaptive Power Technology Enabled
- Lightning protection
- Robust weather-resistant system
- Battery charge state indicator
- Energizer overload indicator
- Day/night sensor
- Mounting options (wall, fence wire or wood post)

- 100Ah battery or greater recommended
- Optional LCD Remote Programmer

UP TO
10km

KILOMETRES	10km
HECTARES	6.4ha
ACRES	16ac

OUTPUT ENERGY	1.0J
STORED ENERGY	1.65J
MAX VOLTAGE	10kV

Product	Part No.
Agri 10	FEN00410

Optional

AGRI 20

Features:

- Powers up to 20km of fence
- Mains power adaptor (Included)
- Adaptive Power Technology Enabled
- Lightning protection
- Robust weather-resistant system
- Battery charge state indicator
- Energizer overload indicator
- Day/night sensor
- Mounting options (wall, fence wire or wood post)

- 100Ah battery or greater recommended
- Optional LCD Remote Programmer

UP TO
20km

KILOMETRES	20km
HECTARES	12.8ha
ACRES	32ac

OUTPUT ENERGY	2.0J
STORED ENERGY	3.3J
MAX VOLTAGE	10kV

Product	Part No.
Agri 20	FEN00420

Optional

AGRI ENERGIZERS

Electric Fence Energizer Range

AGRI 30

Features:

- Powers up to 30km of fence
- Mains power adaptor (Included)
- Adaptive Power Technology Enabled
- Lightning protection
- Robust weather-resistant system
- Battery charge state indicator
- Energizer overload indicator
- Day/night sensor
- Mounting options (wall, fence wire, wood post, Steel Post)
- On/off TAG to switch the energizer on and off

- 100Ah battery or greater recommended
- Optional LCD Remote Programmer

UP TO
30km

KILOMETRES	30km
HECTARES	20ha
ACRES	50ac

OUTPUT ENERGY	3.0J
STORED ENERGY	4.4J
MAX VOLTAGE	9kV

Product	Part No.
Agri 30	FEN00430

Optional

AGRI 50

Features:

- Powers up to 50km of fence
- Mains power adaptor (Included)
- Adaptive Power Technology Enabled
- Lightning protection
- Robust weather-resistant system
- Battery charge state indicator
- Energizer overload indicator
- Day/night sensor
- Mounting options (wall, fence wire, wood post, Steel Post)
- On/off TAG to switch the energizer on and off

- 100Ah battery or greater recommended
- Optional LCD Remote Programmer

UP TO
50km

KILOMETRES	50km
HECTARES	32ha
ACRES	80ac

OUTPUT ENERGY	4.6J
STORED ENERGY	6.5J
MAX VOLTAGE	9kV

Product	Part No.
Agri 50	FEN00450

Optional

AGRI 1 SOLAR

Features:

- Powers up to 1km of fence
- Large 5W solar panel for a quick charge
- Robust solar bracket and weather-resistant housing
- Steel Post mounting
- Solar panel charge state indicator
- Internal Lithium Iron Phosphate Battery (LiFe)
- Battery charge state indicator
- Deep sleep mode for battery safe mode storage
- On/off TAG to switch the energizer on and off
- Day/night sensor
- Lightning protection

UP TO
1 km

KILOMETRES	1km
HECTARES	0.64ha
ACRES	1.6ac

OUTPUT ENERGY	0.10J
STORED ENERGY	0.125J
MAX VOLTAGE	7.1kV

Product	Part No.
Agri 1 Solar	FEN00501

AGRI 3 SOLAR

Features:

- Powers up to 3km of fence
- Large 5W solar panel for a quick charge
- Robust solar bracket and weather-resistant housing
- Steel Post mounting
- Solar panel charge state indicator
- Internal Lithium Iron Phosphate Battery (LiFe)
- Battery charge state indicator
- Deep sleep mode for battery safe mode storage
- On/off TAG to switch the energizer on and off
- Day/night sensor
- Lightning protection

UP TO
3 km

KILOMETRES	3km
HECTARES	2ha
ACRES	5ac

OUTPUT ENERGY	0.26J
STORED ENERGY	0.33J
MAX VOLTAGE	10kV

Product	Part No.
Agri 3 Solar	FEN00503

Solar energizers marked with the LiFe Battery logo contain an environmentally-friendly battery. LiFe Battery utilises advanced Lithium Iron Phosphate (LiFePO₄) batteries which are superior to standard chemical batteries and can be disposed of in general waste.

AGRI ENERGIZERS

Electric Fence Energizer Range

AGRI 5 SOLAR

Features:

- Powers up to 5km of fence
- Large 10W solar panel for a quick charge
- Robust solar bracket and weather-resistant housing
- Steel Post mounting
- Solar panel charge state indicator
- Internal Lithium Iron Phosphate Battery (LiFe)
- Battery charge state indicator
- Deep sleep mode for battery safe mode storage
- On/off TAG to switch the energizer on and off
- Day/night sensor
- Lightning protection

UP TO
5km

KILOMETRES	5km
HECTARES	2.8ha
ACRES	7ac

OUTPUT ENERGY	0.47J
STORED ENERGY	0.55J
MAX VOLTAGE	12kV

Product	Part No.
Agri 5 Solar	FEN00505

AGRI 8 SOLAR

Features:

- Powers up to 8km of fence
- Large 10W solar panel for a quick charge
- Robust solar bracket and weather-resistant housing
- Steel Post mounting
- Solar panel charge state indicator
- Internal Lithium Iron Phosphate Battery (LiFe)
- Battery charge state indicator
- Deep sleep mode for battery safe mode storage
- On/off TAG to switch the energizer on and off
- Day/night sensor
- Lightning protection

UP TO
8km

KILOMETRES	8km
HECTARES	5.4ha
ACRES	12.8ac

OUTPUT ENERGY	0.68J
STORED ENERGY	0.825J
MAX VOLTAGE	12kV

Product	Part No.
Agri 8 Solar	FEN00508

SAFE No caustic or hazardous materials.

RELIABLE Long life cycle with no memory fade

READY Exceedingly long shelf life, can sit in storage for a long period and remains deployment ready

2 YEAR FACTORY WARRANTY ON BATTERY

AGRI 25 SOLAR

Features:

- Powers up to 25km of fence
 - Large 20W solar panel
 - Adaptive Power Technology Enabled
 - Robust weather-resistant system
 - Built-in solar regulator with a power management system for easier connection and portability
 - Built-in battery polarity protection
 - Battery charge state indicator
 - Energizer overload indicator
 - Day/night sensor
 - Steel Post mounting
 - Lightning protection
-
- 100Ah battery or greater recommended
 - Optional LCD Remote Programmer

UP TO
25km

KILOMETRES	25km
HECTARES	16ha
ACRES	40ac

OUTPUT ENERGY	2.3J
STORED ENERGY	3.1J
MAX VOLTAGE	9kV

Product	Part No.
Agri 25 Solar	FEN00525

Optional

AGRI 50 SOLAR

Features:

- Powers up to 50km of fence
 - Large 40W solar panel
 - Adaptive Power Technology Enabled
 - Robust weather-resistant system
 - Built-in solar regulator with a power management system for easier connection and portability
 - Built-in battery polarity protection
 - Battery charge state indicator
 - Energizer overload indicator
 - Day/night sensor
 - Steel Post mounting
 - Lightning protection
 - Angle-adjustable solar mounting bracket included (mounting pole not included)
-
- 100Ah battery or greater recommended
 - Optional LCD Remote Programmer

UP TO
50km

KILOMETRES	50km
HECTARES	32ha
ACRES	80ac

OUTPUT ENERGY	4.6J
STORED ENERGY	6.5J
MAX VOLTAGE	9kV

Product	Part No.
Agri 50 Solar	FEN00550

Optional

AGRI ENERGIZERS

Electric Fence Energizer Range

DRUID 114

Features:

- Powers up to 130km of fence
- Powered by 240V mains includes built-in battery for back-up
- Ideal choice for long distance parallel electric fencing systems
- Adaptive Power Technology Enabled
- Built-in alarm monitors faults on the high voltage and earth fence wires
- Lightning and power surge protection
- Easy-to-use tag included for controlling the energizer
- The LCD background colour changes to fence condition
- Optional keypad for controlling and programming the energizer.

UP TO
130km

KILOMETRES	130km
HECTARES	82ha
ACRES	200ac

OUTPUT ENERGY	13.8J
STORED ENERGY	21J
MAX VOLTAGE	9kV

Product	Part No.
Druid 114	FEN00490
Keypad	FEN00491

LCD REMOTE PROGRAMMER

Features:

- Adjustable fence voltage
- Adjustable pulse rate
- Adjustable day/night mode
- Adjustable overload indicator
- Battery voltage report
- Fence voltage report
- Energizer security lock
- Built-in torch

Part No.

FEA00140

LIGHTNING INHIBITOR & DIVERTER

Features:

- Inhibits lightning to energizer
- Diverts lightning to earth
- Stainless steel parts
- UV stabilised housing
- Can sustain multiple strikes

Part No.

FLD00030

FENCE SCOPE

Features:

- The Fence Scope is a 4 in 1 tool, which helps diagnose problems on your fence to optimise electric fence installation and ensure that the fence continues to operate at ideal levels
- Fence Probe mode: quickly indicates the direction of a fence fault, showing the voltage and current
- Fence energy mode: accurately measures the true output energy along the fence.
- Fence scope mode –this can record and display wave forms of the electric fence pulse. Distortions in the wave form (wave shape) generally indicate that there are fence faults
- Fence noise mode: assists in finding cracked or broken insulators, sparks and shorts along the fence.

Product	Part No.
Fence Scope	FEA00150
Fence Scope Pouch	FEA00160

FLOOD GATE CONTROLLER

Features:

- Prevents fence from shorting
- Reduces power loss when the flood water contacts the electric fence line

Product	Part No.
Flood Gate Controller	FFI00020

FENCE FLASHER STAINLESS BLUE

Features:

- Indicates power on the fence
- Visible from up to 1km at night
- No batteries required
- The frequency of the flashing LEDs indicates the amount of energy on the fence, The longer the period between flashes, the lower the voltage on the fence

Product	Part No.
Fence Flasher Stainless Blue	FEA00130

JOULE SHIELD WOOD POST INSULATORS

Features:

- Twin shield reduces power loss
- Reinforced web back bracing
- Thicker insulator walls
- Rounded surfaces to shed water
- Long life plastic polymer
- High performance Insulator

Product	Part No.
Wood Post Claw 25 Pack	FIN00070
Wood Post Pinlock 25 Pack	FIN00080
Wood Post Claw 200 Pack	FIN00078
Wood Post Pinlock 200 Pack	FIN00088

See the full range of insulators at www.strainrite.co.nz

ENERGIZER EARTH TIPS

Installing a good earth system is the key to getting maximum efficiency off your energizer.

The earth is an essential component of your fencing system. Power travels from the energizer, along the fence wire and back through the ground to the energizer to complete the circuit.

The earth must be as conductive as possible for the fence to give the animal an effective shock.

A simple guide is one earth stake for every 5 joules of stored energy with a minimum of three earth stakes.

Spacing approximately 5m apart with 2m Strainrite galvanised earth stakes connected by one continuous wire.

For example; 0 -15 Stored Joules. Use a minimum of 3 stakes spaced 5m apart

Depending on your soil types the number of earth stakes you require may vary.

For example; dry soil is less conductive than wet soil requiring more earth stakes to compensate.

Product	Part No.
Earth Stake	FES00010
